

## XZ400 XZ Series Horizontal Directional Drilling Rig

- **Product Category:** NON-EXCAVATION MACHINERY
- **Brand:** XCMG
- **Model:** XZ400
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

### Product Feature of XZ400 XZ Series Horizontal Directional Drilling Rig

It's applicable for pipeline construction about Municipal Construction (Electric,Communication,Water Supply) and Natural Gas,Oil Delivery.

## Parameters of XZ400 XZ Series Horizontal Directional Drilling Rig

| Engine                  | Engine Brand                                           |             | CUMMINS        |
|-------------------------|--------------------------------------------------------|-------------|----------------|
|                         | Engine Type                                            | QSC8.3-C240 |                |
|                         | Rate Power                                             | kW          | 179            |
| Thrust-Pull             | Max Thrust-Pull Force                                  | kN          | 400            |
|                         | Max Thrust-Pull Speed                                  | m/min       | 28             |
| Rotation                | Torque                                                 | N.m         | 14000          |
|                         | Max Spindle Speed                                      | r/min       | 104            |
| Mud Pump                | Max Flow Rate                                          | L/min       | 450            |
|                         | Max Pressure                                           | Mpa         | 8              |
| Pipe                    |                                                        | mm x m      | 83x3           |
| Max Inclination Angle   |                                                        | 0           | 23             |
| Max backreamer diameter |                                                        | mm          | 900            |
| Weight                  |                                                        | t           | 11.5           |
| Dimention               |                                                        | mm          | 7080x2450x2450 |
| Optional                | 1. Single automatic anchor    2. Dual automatic anchor |             |                |
