

Engineering & Construction Crane

RT35 Rough Terrain Crane

- **Product Category:** Rough Terrain Crane
- **Brand:** XCMG
- **Model:** RT35
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of RT35 Rough Terrain Crane

RT35 Rough Terrain Crane

- 1、Specialized energy-saving hydraulic system.
- 2、Due to powerful power configuration, specific off-road tires and all-wheel drive, the crane can easily handle various tough terrains.
- 3、The crane is designed by conforming with the safety standards of Europe, North America and China, for optimal active protection.
- 4、Developed jointly by Chinese and German engineers, with advanced design concept.
- 5、Accumulation of experience in boom crane design for 70 years.

Parameters of RT35 Rough Terrain Crane

weight			
Axles	1	2	Total weight
Kg	15100	15200	30300
Hook	No. of sheaves	Remarks	
55t	6	Single hook	
4t	0	Single hook	
Working speeds			
	Km/h		
20. 5R 25	38	55%	
Drive	Working speed		
	0-120 m/min, no load, 4th layer,		
	0-120 m/min, no load, 4th layer		
	0-2. 5 r/min		
	Approx. 65s for boom elevation from -1.5° to 80°		
	Approx. 85s for boom extension from 10.1m to 32m
