

Movable cone crusher

- **Product Category:** Crushing And Screening Machinery
- **Brand:** XCMG
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of Movable cone crusher

1. It has a global famous generating set that consumes less fuel and outputs more power; besides, an external power supply is for option, which is more economic.
2. It carries a large-stroke crusher which is accompanied by a load detection and control system, resulting in a greater crushing capacity and optimized grain shape. The crusher has a overload protector and a cavity clearance function that bring a higher level of reliability; driven by a large-power motor, the transmission becomes more stable and more efficient.
3. The crusher is equipped with an intelligent continuous feeding system that offers smoother flow of materials and more continuous production.
4. A series of automatic systems make manual operation more convenient, like wireless remote control, one-key start & stop, intelligent fault analysis, real-time monitoring and running state storage function, etc.
5. Low-pressure spraying and dedusting design and vibrating components shock absorbing design make the overall machine more environmental friendly.
6. Additional options like magnetic separator, metal detector and material level detector can broaden system protection.

Parameters of Movable cone crusher

Model	XPY1100	XPY1300
Max. feeding size	240mm	280mm
crusher opening size	Φ1160mm	Φ1300mm
Max. throughput	200~470t/h	200~590t/h
Total weight	60000kg/62500kg	70000kg
Engine power	364kW/1500rpm	371kW/1800rpm
