

Movable impact crusher

- **Product Category:** Crushing And Screening Machinery
- **Brand:** XCMG
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of Movable impact crusher

1. It carries an imported genuine engine that brings stronger power and saves more fuel.
2. The crusher adopts fluid coupling direct drive that makes transmission more stable and more efficient; curved board hammer brings about larger productivity and produces better grain shape.
3. Double-layer independent pre-screening machine has larger throughput; super large screening area increases screening efficiency.
4. The crusher is equipped with an intelligent continuous feeding system whose component width gradually increases, bringing about smoother flow of materials and more continuous production.
5. A series of automatic systems make manual operation more convenient, like wireless remote control, one-key start & stop, intelligent fault analysis, real-time monitoring and running state storage function, etc.
6. Low-pressure spraying and dedusting design and vibrating components shock absorbing design make the overall machine more environmental friendly. Control cabinet has a positive pressure dedusting function and has ground protection, offering higher dependability.

Parameters of Movable impact crusher

Model	XPF1112	XPF1214
Max. feeding size	600mm	700mm
crusher opening size	Φ1100×1200mm	Φ1200×1280mm
Max. throughput	80~350t/h	150~450t/h
Total weight	52000kg	63000kg
Engine power	372kW/1800rpm	372kW/1800rpm
