

Vertical shaft impact crusher

- **Product Category:** Crushing And Screening Machinery
- **Brand:** XCMG
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of Vertical shaft impact crusher

1. XCMG PL vertical shaft impact crushers have a deep cavity three-channel rotor design, supplemented by an automatically adjustable waterfall feeding and optimized crushing cavity, a new generation of crushing and shaping technology comes into being, greatly improving production capacity and product quality.
2. Feeding opening auto adjusting system, feeding hopper cover hydraulic opening system and automatic lubrication system greatly improve operation convenience and safety.
3. Functions like crusher mainframe load real-time monitoring, overall machine vibration monitoring and bearing temperature monitoring can give all-dimensional feedback of machine running states, guarantee normal operation of the mainframe.

Parameters of Vertical shaft impact crusher

Model	PL1000	PL1200
Weight	12500kg	14500kg
Feeding feeding size	58mm	60mm
Motor power	160~315kW	250~315kW
Rotor speed	1100~2000mm	1000~1800mm
Productivity	125~545t/h	263~775t/h
