

Complete Sets of Mining Equipment

XDA45 Articulated Dump Truck

- **Product Category:** Mining Machinery
- **Brand:** XCMG
- **Model:** XDA45
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XDA45 Articulated Dump Truck

1. Technically advanced powerful engine that is specially designed for mining operation lowers fuel consumption and increases working efficiency.
2. The pump controlling hydraulic system and load-sensitive steering system enhance system stability, quicken trouble shooting and save more energy.
3. The application of XCMG's exclusive traveling control strategy and fault analysis system makes the overall vehicle more intelligent.
4. 6×6 drive and friction-disk type inter-wheel/inter-axle differential locks take passing performance, reliability and riding stability to a higher level.
5. ROPS & FOPS that meet ISO standards are equipped in driver's cab, which enlarges interior space, broadens field of view range, secures driver's working

safety and increases comfort level of driving experience

6. Driver's cab and engine hood are both flipping designs, and the cab is integrated with a centralized lubrication system, all these designs make maintenance more convenient and more efficient.

Parameters of XDA45 Articulated Dump Truck

Item	Unit	Parameter
Load capacity	kg	39000
Kerb weight	kg	29500
Max. speed	km/h	45
Rated power/rotating speed	kW /rpm	309/1900
Max. grade ability	%	45
