

Pilling Machinery

XTR6/260 XTR Series Tunnel Roadheader

- **Product Category:** Tunnel Machinery
- **Brand:** XCMG
- **Model:** XTR6/260
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XTR6/260 XTR Series Tunnel Roadheader

It's applicable for highway, railway, subway and water conservancy tunneling work.

Parameters of XTR6/260 XTR Series Tunnel Roadheader

Item	Unit	Parameter
Weight	t	92
Dimension		
Length/Include second conveyer	mm	13500/21000
Width		
Ramp plate	mm	3200/3600
Main frame	mm	2600
Height		
The highest point of cutting head for laying horizontally	mm	3380
Main frame	mm	2380
Undercut max	mm	200
Ground Clearance	mm	270
Cutting cross section		
Height	mm	6200
Width	mm	6000
Gantry Height	mm	300
Traveling Speed	m/min	6
Power of Cutting motor	kW	260/200
Power of Pump Station Motor	kW	132
Supply voltage	V	AC1140
Frequency of Power	Hz	50
Loading Ability	m ³ /min	Star wheel type/4.3
Pressure of the Spraying System	MPa	≥2
