

Pilling Machinery

XTR7/260 XTR Series Tunnel Roadheader

- **Product Category:** Tunnel Machinery
- **Brand:** XCMG
- **Model:** XTR7/260
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XTR7/260 XTR Series Tunnel Roadheader

It's applicable for highway, railway, subway and water conservancy tunneling work.

Parameters of XTR7/260 XTR Series Tunnel Roadheader

Item	Unit	Parameter
Weight	t	100
Dimension		
Length/Include second conveyer	mm	14000/19700
Width		
Ramp plate	mm	3800
Main frame	mm	3200
Height		
The highest point of cutting head for laying horizontally	mm	3740
Main frame	mm	2530
Undercut max	mm	440
Ground Clearance	mm	220
Cutting cross section		
Height	mm	7200
Width	mm	7500
Gantry Height	mm	380
Traveling Speed	m/min	6
Power of Cutting motor	kW	260/200
Power of Pump Station Motor	kW	132
Supply voltage	V	AC1140
Frequency of Power	Hz	50
Loading Ability	m ³ /min	Star wheel type/4.3
Pressure of the Spraying System	MPa	≥2
