

Aerial Working Platform

GKS18 Extensible boom aerial device

- **Product Category:** Special Vehicle
- **Brand:** XCMG
- **Model:** GKS18
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of GKS18 Extensible boom aerial device

The maximum working height of extensible boom aerial device produced by XCMG is superior to all others in the domestic same level, with high efficiency and wide operation range. The product equipped with CAN bus intelligent control system, can achieve flexible operation and all-round security restriction and protection, with independent intellectual property rights patented technology of built-in pipeline conveyor, realized the project of built-in extension cylinder, pipeline and circuit, improved the equipment safety and convenience operation of small space.

Parameters of GKS18 Extensible boom aerial device

Item	Unit	Parameter
Model	-	XGS5041JGKJ6
L*W*H	mm	5995 × 2070 × 2950
Model of chassis	-	JX1041TCD26
Model of engine	-	JX4D30B6H
Power	kW	85
Number of passengers	-	2
Max.working height	m	17.8
Max.working radius	m	12
Rated load	kg	200
Slewing angle	-	±360°
Slewing angle	-	±122°
