

Concrete Machinery

HBC10040V Truck-Mounted Concrete Line Pump

- **Product Category:** CONCRETE MACHINERY
- **Brand:** XCMG
- **Model:** HBC10040V
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of HBC10040V Truck-Mounted Concrete Line Pump

Truck-mounted concrete line pump is dedicated pumping equipment that transporting ready-mixed concrete to construction site through pipelines continuously, safely, reliably and efficiently so as to achieve efficient and mechanized construction of concrete.

Parameters of HBC10040V Truck-Mounted Concrete Line Pump

Item	Unit	Parameter
Outline dimension	mm	10530×2500×3760
Driving type	-	4×2
Chassis	-	Dongfeng
Chassis engine power	kw	206
Pumping electric motor	-	SINOTRUK(double)
Rated power	kw	2×294
Emission standard	-	Euro V
Theoretical output	m ³ /h	105/60
Theoretical pumping pressure	MPa	23/40
Inner diameter*stroke	mm	φ180×2200
Pipe	-	optional
