

Concrete Machinery

HBC9018VD Truck-Mounted Concrete Line Pump

- **Product Category:** CONCRETE MACHINERY
- **Brand:** XCMG
- **Model:** HBC9018VD
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of HBC9018VD Truck-Mounted Concrete Line Pump

Truck-mounted concrete line pump is dedicated pumping equipment that transporting ready-mixed concrete to construction site through pipelines continuously, safely, reliably and efficiently so as to achieve efficient and mechanized construction of concrete.

Parameters of HBC9018VD Truck-Mounted Concrete Line Pump

Item	Unit	Parameter
Outline dimension	mm	9185×2510×2790
Driving type	-	4×2
Chassis	-	Dongfeng
Chassis engine power	kw	132
Pumping electric motor	-	WANNAN
Rated power	kw	132
Emission standard	-	Euro V
Theoretical output	m ³ /h	90/45
Theoretical pumping pressure	MPa	10/18
Inner diameter*stroke	mm	φ230×1600
Pipe	-	optional
