

# Concrete Machinery

## HBT6013V Trailer-Mounted Concrete Pump

- **Product Category:** CONCRETE MACHINERY
- **Brand:** XCMG
- **Model:** HBT6013V
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

### Product Feature of HBT6013V Trailer-Mounted Concrete Pump

Trailer-mounted concrete pump is dedicated pumping equipment that transporting ready-mixed concrete to construction site through pipelines continuously, safely, reliably and efficiently so as to achieve efficient and mechanized construction of concrete.

## Parameters of HBT6013V Trailer-Mounted Concrete Pump

| Item                         | Unit              | Parameter      |
|------------------------------|-------------------|----------------|
| Outline dimension            | mm                | 6115×2100×2810 |
| Total weight                 | kg                | 6900           |
| Engine model                 | -                 | WP4G160E331    |
| Rated power                  | kw                | 118            |
| Emission standard            | -                 | Euro III       |
| Theoretical output           | m <sup>3</sup> /h | 65/40          |
| Theoretical pumping pressure | MPa               | 8/13           |
| Inner diameter*stroke        | mm                | φ200×1400      |
| Pipe                         | -                 | optional       |
