

Fire & Rescue Vehicle

PM230F1 Tank Fire Truck

- **Product Category:** Fire-Fighting Machinery
- **Brand:** XCMG
- **Model:** PM230F1
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of PM230F1 Tank Fire Truck

PM230F1 foam fire truck is equipped with Germany MAN 8x4 chassis; Firefighting system adopts US Imported high-flow Are pump and Ackron high-flow fire monitor and is equipped with automatic foam system, loading firefighting fluid can reach 23000kg. This fire truck is a main fire-fighting truck which combines water supply and fire fighting together and has large load capacity. This product not only has low-pressure large-flow fire fighting ability, to meet the fire fighting in cities, mines, factories, wharves, especially logistics and warehousing, but also can be equipped with elevating fire truck, coupled operation to meet the fire fighting needs of high-rise buildings.

- Intelligent control system, integrated fire operation control panel, using LCD and CAN bus communication technology. The new Internet of Things and control interface can be installed to realize remote transmission and remote fault diagnosis of vehicle information.
- Large-capacity fire tank, volume up to 23000L

- Extra-large flow fire system is equipped with 8FC series myrialiter pumps.

Parameters of PM230F1 Tank Fire Truck

Item	Unit	Parameter
Overall length	mm	11660
Overall height	mm	3540
Overall width	mm	2500
Total weight	kg	39700
Extinguish ant rated load weight		
Water	kg	18500
Foam	kg	4100
Max. travel speed	km/h	≥85
Max. net power	kW	397
Power density	-	10
Monitor		
Water monitor rated flow	L/S	120
Fire rated pressure	MPa	1.2
Range		
Water	m	≥85
Foam	m	≥80
Water pump		
Fire rated flow	L/S	≥150
Fire rated pressure	MPa	≥1
