SLM4K Concrete Self Loading Mixer

- **Product Category:** CONCRETE MACHINERY
- **Brand:** XCMG
- **Model:**SLM4K
- **Price:** **\$100000.00-\$1000000.00 / EA**
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of SLM4K Concrete Self Loading Mixer

Concrete self loading mixer is mainly applied in the occasions where require on-site concrete mixing, such as: common road, railway construction, highway slopes (walls), dam, ditches and other water conservancy projects, as well as some infrastructure constructions with narrow space. It is especially suitable for on-site construction work in remote areas far away from concrete mixing plant.

It integrates five functions, material loading, metering, mixing, transporting and material unloading, which has features of powerful functions, convenient operation and strong site adaptive capacity.

Parameters of SLM4K Concrete Self Loading Mixer

Item	Unit	Parameter
Agitating volume	m ³	3.5
Total weight	kg	8600
Outline dimension	mm	7200×2500×3300
Driving type	-	4×4
Engine	-	YC4A125Z
Max.power	kw	92
Emission standard	-	Euro II
Water tank	L	2×350
Hydrualic oil tank	L	125
Capacity	m ³ /h	14
Max.Speed	km/h	20
