XCH907E Empty Container Handler

- **Product Category:** Port Machinery
- **Brand:** XCMG
- **Model:** XCH907E
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XCH907E Empty Container Handler

XCMG empty container handler is a special machine for container loading and unloading, stacking and horizontal transportation. It is suitable for the lifting and stacking operation of container heavy loads in the dock, small and medium railway station, warehouse and other places.

Parameters of XCH907E Empty Container Handler

Item	Unit	Parameter
Engine model	-	/
Emission	-	/
Transmission	-	/
Axle	-	Kessler
Lifting capacity	kg	9000
Wheelbase	mm	4550
stacking height	layer	7 (8'6
Vehicle weight	kg	42000
Dimension	mm	6,910*6,053*10,860
Battery	-	CATL
Battery capacity	kWh	423 kWh/507 kWh/595 kWh
Motor	-	Lvkon Permanent magnet synchronous motor
