

Road Construction & Maintenance Machinery

XM1005F Cold Milling Machine

- **Product Category:** Road Machinery
- **Brand:** XCMG
- **Model:** XM1005F
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XM1005F Cold Milling Machine

XM1005F road milling machine is a high-performance 3m-wide milling machine mainly used for the digging and renovation of asphalt concrete pavements in highways, downtown roads, airports, cargo yards, and parking lots.

With high working efficiency, simple construction processes, easy control of milling depth, easy and flexible operations, good mobility, and direct recycling of milled old material, this machine can be extensively applied for the repair, renovation, and maintenance of asphalt roads.

Parameters of XM1005F Cold Milling Machine

Item	Unit	Parameter
Rated power/speed	kw/rpm)	164/2200
Working speed	m/min	0-50
Walking speed	km/h	0-50
Work weight	kg	13900
Maximum milling width	mm	1000
Maximum milling depth	mm	220
Cutting tools number	/	80
Milling planer with cutter diameter	mm	860
Machine length x width x height	mm	4800×2295×2650
Belt machine length x width x height	mm	7435×1020×980
Climbing ability	%	57
Ground clearance	mm	205
Fuel tank	L	500
Hydraulic oil tank	L	120
Water tank	L	850
