

Road Construction & Maintenance Machinery

XRP80 XRP Series Asphalt Plant-Mix Hot Recycling

- **Product Category:** Road Machinery
- **Brand:** XCMG
- **Model:** XRP80
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XRP80 XRP Series Asphalt Plant-Mix Hot Recycling

XRP80 mobile concrete batching plant more efficient production, smarter control, more accurate measurement, more uniform mixing, more comprehensive customization, more cutting-edge environmental protection, and higher quality delivery.

Parameters of XRP80 XRP Series Asphalt Plant-Mix Hot Recycling

Item	Unit	XRP80
Theoretical production rate	m ³ /h	120
Discharge height	m	4
Mixer type	/	JS2000
Mixer power	kW	2×37
Nominal volume of mixer	L	2000
Production period	S	60
Max. diameter of aggregate	mm	≤60
Volume of aggregate silo	m ³	4×15
Volume of powder silo (optional)	t	4×150
Capability of batching plant	L/Silo	3200
Delivery capacity of inclined belt conveyor	t/h	456
Productivity of cement spiral conveyer	t/h	90
Productivity of flyash spiral conveyor	t/h	40
Standard installed capacity	kW	170
Gravel weighing range and accuracy	kg	(720~2400)±2% kg
Sand weighing range and accuracy	kg	(540~1800)±2% kg
Weighing range and accuracy of cement	kg	(360~1200)±1% kg
Admixture weighing range and accuracy	kg	(180~600)±1% kg
Weighing range and accuracy of water	kg	(120~400)±1% kg
Weighing range and accuracy of additive	kg	(12~40)±1% kg
