QZZ26T50D Brand boom and sling integrated wrecker

- **Product Category:** Special Vehicle
- **Brand:** XCMG
- **Model:** QZZ26T50D
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of QZZ26T50D Brand boom and sling integrated wrecker

XCMG brand boom and sling integrated type wrecker is equipped with under-lifting, under-pulling and hoisting devices, can be applicable to complex road conditions of rescue. The product adopts welding or articulated boom and sling integrated structure, rear pulling distance can be adjusted through lifting cylinder, increase the operation's stability of under-lifting and under-pulling. operating range of under-lifting as well. Carry out the under-lifting work for big tonnage trouble car with long suspensions.

Parameters of QZZ26T50D Brand boom and sling integrated wrecker

Item	QZZ26T50D
Chassis model	7Z5347V4647E1
Wheelbase	5825+1350mm
Power kW/RPM	249,276 /1900
Engine model	D10.34-50 、 D10.38-50
Gearbox model	HW19710
Max gross vehicle weight	34000kg
Curb weight	26480kg
Max under-lifting capacity	16000kg
Full extended under-lifting capacity	8700kg
Max lift capacity of boom	30000kg
Max lift height of boom	11500mm
Rated lift capacity with boom full extended	9200kg
Boom retracted	5500mm
Cylinder stroke	5500mm
Quantity of winch	2
Traction of winch	150kN
Front leg span(transverse)	5400mm
Rear leg span(transverse)	4100mm
