

Sanitation Machinery

XGH5100ZYSSBEV Compressed Garbage Truck

- **Product Category:** Sanitation Machinery
- **Brand:** XCMG
- **Model:** XGH5100ZYSSBEV
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XGH5100ZYSSBEV Compressed Garbage Truck

XGH5100ZYSSBEV Compressing Garbage Truck, the important and special transport and operation vehicles for garbage collecting and transferring in modern cities. The vehicle which is sealed, self-compressed, self-dumping and has its own special drain tank for waste water, thoroughly solve the secondary pollution in the process of garbage-transferring. With simple operation, small operating space, compressing garbage truck can complete garbage collection and transfer flexibly and efficiently in densely populated areas such as, both sides of the streets, residential areas, schools and hospitals.

Parameters of XGH5100ZYSSBEV Compressed Garbage Truck

Item	Unit	Parameter
Total Weight	kg)	10000
Rated Payload	kg)	3305
Max. Speed(km/h)		
Volume of Dustbin	m ³)	7
Sewage Tank Volume	L)	250
Compression Cycle Time(s)		
Discharging Time(s)
