XZJ5160GQX Low-pressure Cleaning Tanker

- **Product Category:** Sanitation Machinery
- **Brand:** XCMG
- **Model:** XZJ5160GQX
- **Price:** \$100000.00-\$1000000.00 / EA
- **Delivery Time:** 1-90DAYS
- **Supply Capacity:** 1-500UNITS / Year
- **Product Origin:** China
- **After-sales Service:** Engineers available to service machinery overseas.

Product Feature of XZJ5160GQX Low-pressure Cleaning Tanker

The product has such functions as water spraying, road cooling and dustfall, garden watering and emergency firefighting, which can meet the operation requirements for road cleaning, clean-keeping and road maintenance.

(1) Super-large Water Tank, Multiple Operation

There are different operation modes: opposite-flushing, left-right watering for green areas, rear-sprinkling, sprinkling by water cannon, which can meet the requirements for road sprinkling and auxiliary fire fighting on different occasions.

(2) One-key Operation, Time-saving and Labor-saving

Operator can execute all operations by operating the buttons in the cab. Meanwhile, remote control mode is also available for remote control, reducing the manipulation intensity to the maximum degree.

Parameters of XZJ5160GQX Low-pressure Cleaning Tanker

Item	Unit	Parameter
Total Weight	kg	7360
Rated Payload	kg	3925
Max. Speed	km/h	99
Low-pressure Sprinkler Speed	L/min	5-20
Low-pressure Sprinkler Flow	m	600-800
Low-pressure Flushing Width	m	14
Water Gun Range	m	28
Self-absorption Height	m	6.5
Tank Volume	m ³	4.12
